My dear Son,

I am just in from the second with Will B. having
all well there but mamma whose general health is
good and she has no real suffering when she is
quiet but she cannot move around, or even stand
around for any length of time without becoming worn out.
I find yours of May 18th - p.m. Reno June 17th -
I mailed to me from Chicago, and have mailed
you as follows. "Sister will be received via
Chicago. Will be here until August first.
Follow S. P. schedule. Either to Redding
P.O." A portion of this you had in my
telegram of 22nd (about my stay here) but
I thought it would do no harm to repeat it.
I may be here longer but certainly that long.
I now see the future. "Commitment" is strong.
I have read your letter with great interest and
am assuming, in view of my letters and telegrams
sent by you since that was written that you
will go to S. P. and then to Redding and send
this to the P.O. to be retained until you call.
I will both write and make Mr Whitworth.

I have no copies of my late letters - but what I meant to say was that I should have only a little over \$2000. in the S. F. bank when you used the \$1000. check and as I then thought we should meet in Chicago by July 1st or thereabouts there would be plenty of time, after a conference, to fortify my S. F. balance for the check of July 25th. I believe that 25th of each mo. is the date ^{which} checks were to be used but I have always spoken of the 20th as I had in mind that each check must be provided for on that day, that is the money in bank. My suggestion to use a \$2000. check instead of a \$3000. is July arose from the impression that you had written me that you did not, on account of snow and weather, get your work started as soon as you expected - ~~and~~ ^{and} that you would not need more than the \$2000. to set up July. But my recollection is that I said as a change or unsettle the order of your work on account of the suggestion. I now advise the checks as you have reported as that is the order entered in my diary made in S. F.
